

Vapor Phase Reflow Soldering Systems

IBL

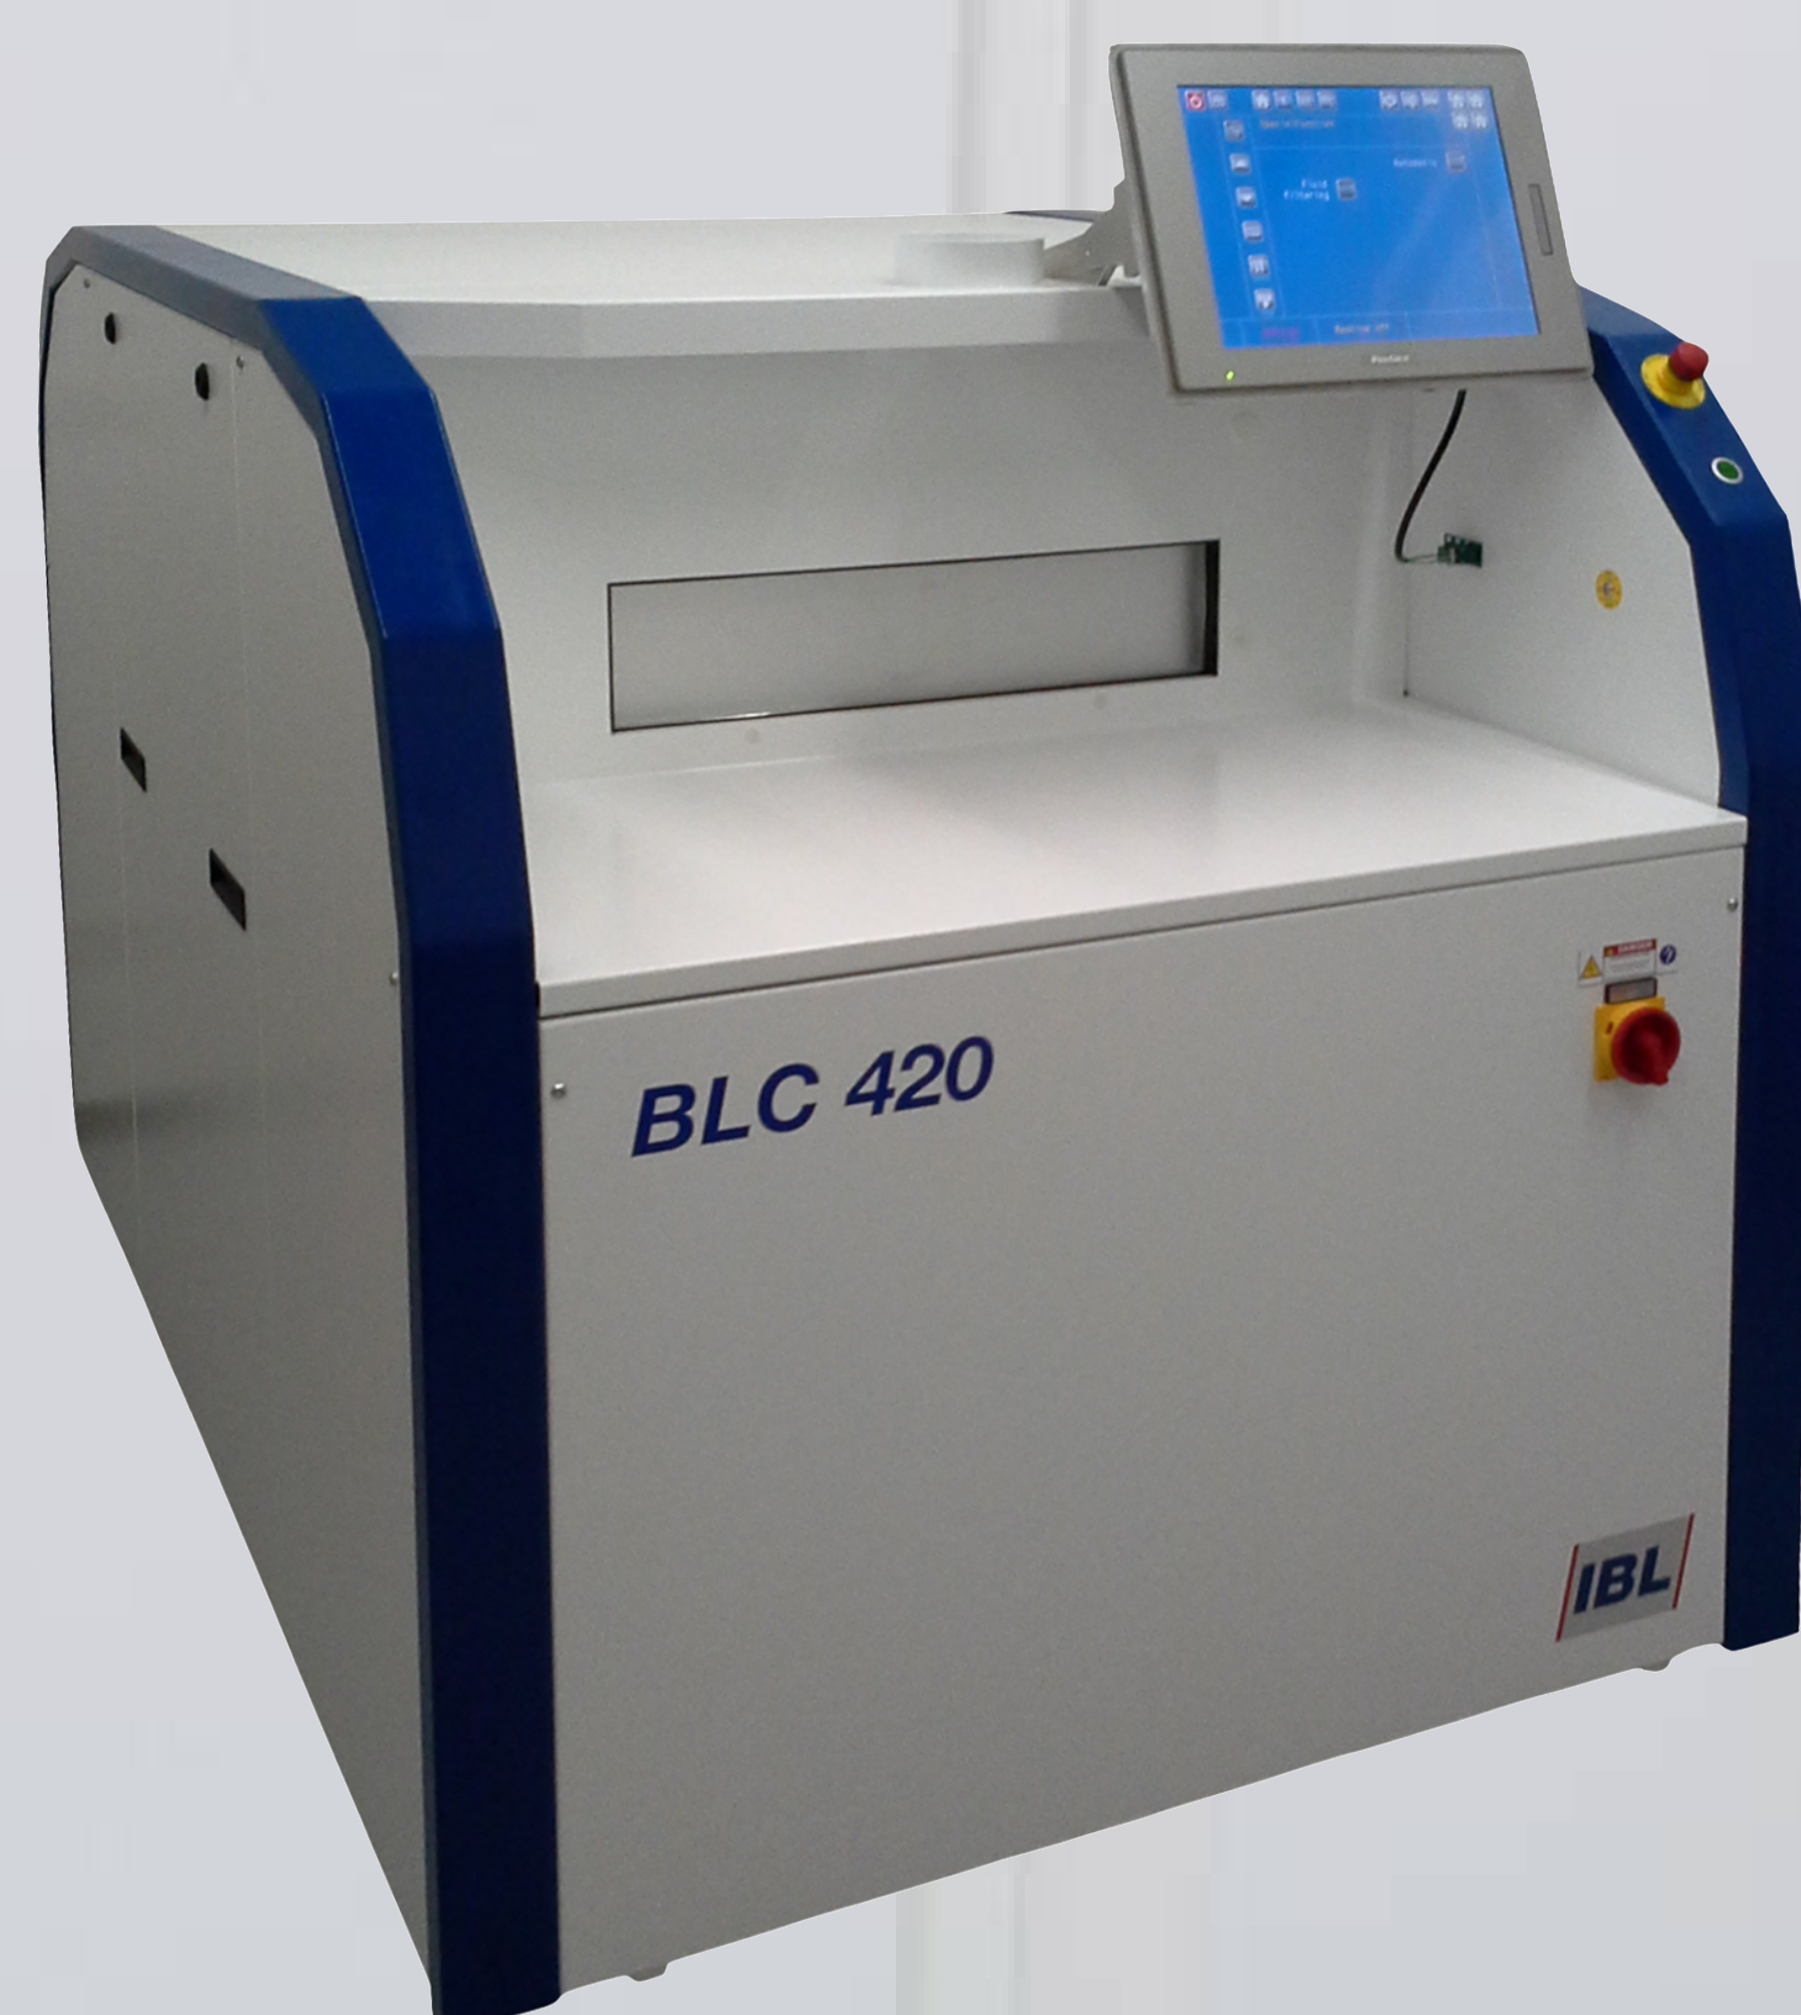

MiniLab + SV Series

great solution for
development,
prototyping, rework
and small series
production

**IBL – Leading in Vapor Phase Technology
since 30 Years ...**

SLC / BLC Series

Excellent solder quality,
small footprint,
low power
consumption,
easy profiling **IPS**,
...

Vacuum Systems

Void-free soldering, highest solder
quality,
batch and inline systems,
...

Inline

Fully automated inline
vapor phase solution
with standardized
SMEMA interface
